UDUF AFRICA is one organization that selflessly builds and equips individuals to the best they can ever be.

Personally, this is a platform from where I got to learn a lot about life skills, entrepreneurship and leadership skills.

Through the encouragement of volunteerism, they have raised young leaders and stretched their capacity to become more and do more, not just for themselves, but for the society at large. And through that medium impact is felt in the the lives of people in the environment

Having the privilege to volunteer and serve in UDUF AFRICA since 2022 has greatly exposed me to a life of selfless service to humanity using my God given talents.

Through this wonderful platform, I have been able to see ways to continue unlocking my hidden strengths, inherent abilities, and untapped resources, in order to continue being a blessing to people in African communities.

Today, I am grateful to UDUF AFRICA for the privilege to continue learning, growing, and connecting with amazing servant leaders, entrepreneurs, and highly skilled young people in different spheres of influence.

I have been inspired, transformed, and empowered to lead transformation alongside other servant leaders in Africa and beyond.

God bless UDUF AFRICA.

The Leadership/Entrepreneurship bootcamp 2026 was what I call full option. I'm really inspired, there's these renewing of the mind, I have conquered my fears and already plunged into action. And I know in the next gathering of CEOs I would be among. I really appreciate the efforts of the general team UDUF Africa especially the president , for this opportunity to enlighten the young people .

The program was Great but time was one of the challenges we need to work on , if there would be more than one guest speaker at least let the days be extended maybe two speak per day that way the other don't get rushed or give their presentation in a way that the audience won't understand...

Aside from this the program was mind blowing and captivating

My journey with UDUF Africa has been a profound process of refinement. I am not just a candidate; I am a product of this foundation's mission to shape minds and transform communities.

Through UDUF, I have transitioned from a visionary to a practical strategist. The foundation's focus on entrepreneurship and strategic leadership has equipped me with the tools to turn ideas into impact, while our community service initiatives have anchored my heart in servant leadership. I have learned that true authority is found in service and that my growth is only meaningful if it facilitates the growth of others.

Furthermore, UDUF's continental vision has expanded my horizon, teaching me to lead with a pan-African mindset. I have cultivated the integrity and resilience necessary to navigate the responsibilities of the VP1 office, ensuring that transparency remains our bedrock.

In short, UDUF Africa has built me to lead. I stand ready to channel everything I have learned back into this foundation, ensuring that every member has the same opportunity to rise, lead, and succeed.

My first encounter was during U45 CEO 2024, I pitched my business, the exposure helped me to meet lots of wonderful impacting young entrepreneurs.

Participating in the monthly Business Meeting has been inspiring, motivating and I have helped me to improve my business operations.

I opt for partnership with UDUF Africa to groom learners at Rejoyce International Academy Nsugbe to catch them, which the Board of Trustees and Executives have approved.

I am glad to have volunteered for UDUF Africa.

I constantly invite and encourage my friends to join and benefit from wide impacts from UDUF AFRICA.
